Says State Department Official Was Head of Communist Apparatus

NEW YORK, (AP) Writer Malcolm Cowley testified today at the Alger Hiss perjury trial that Whittaker Chambers had told him former Assistant Secretary of State Francis B. Sayre was "head of the communist apparatus in the department of state."

Cowley, a Sherman, Conn., resident, appeared as a surprise defense witness.

The statement was immediately repudiated by Defense Attorney Lloyd Paul Stryker who said: "Mr. Sayre was a completely loyal member of the government at all times."

Cowley, a contributing editor to the New Republic, said Chambers made the remark to him about Sayre on Dec. 13, 1940.

Hiss' Boss

Sayre now is U. S. representative on the trusteeship council of the United Nations. He was a son-in-law of the late President Wilson. At one time he was Hiss' boss in the state department.

Chambers, self-proclaimed former courier for a pre-war Soviet spy ring, claims Hiss filched state department records which Chambers passed on to the ring.

Earlier today a former handyman for Hiss testified that the FBI had offered him $200 for an old typewriter which the defense produced yesterday.

BULLETIN

NEW YORK (AP)—Alger Hiss denied at his perjury trial today that he ever was a Communist or had given state department papers to Whittaker Chambers.

Hiss also denied after taking the witness stand in his own behalf that he ever had been a communist fellow traveler or sympathizer.

24 Killed In Italian Plane Crash

EARI, Italy (AP) — At least 24 persons perished today when a Dutch Airlines (KLM) Constellation hurtled 16,000 feet into the sea just off this port. Some reports said it was on fire during the plunge.

The bodies of 16 men, five women and three children have been recovered. Americans, Turks, Dutch and Albanians were reported among the victims. There was no official word as to the total number aboard the four-enginer craft, bound from Batavia to Amsterdam. So far as can be determined, there were no survivors.

Recovery Hindered

Recovery of other bodies in the wreckage was hindered by choppy seas. Italian navy divers and patrol craft were aiding in the recovery operations.

The plane crashed in bright, clear weather. A light northeast wind was blowing.

KLM officials in Rome indicated the plane may have been off its course and possibly was trying for an emergency landing at an airport near Bari. The plane was en route from Batavia, Java, to Amsterdam. Baggage and other effects recovered indicated at least some of the passengers boarded the aircraft in Batavia.

Seek to Write Old Age Laws Into Statutes

SACRAMENTO (AP)—An attempt to write the main provisions of Proposition No. 4 into California's statute books was revived today.

Supporters of the legislation—which would leave the benefits of the liberalized aged and blind aid program in the law if Proposition No. 4 is repealed—said it would induce aged persons to vote for the repeal.

Yesterday, the state supreme court ordered a measure to take Proposition No. 4 out of the constitution put on the ballot at the first appropriate election.

Unanimous Vote

The senate social welfare committee voted unanimously last night to revive an assembly-passed bill that would write the provisions of Proposition No. 4—except for the appointment of Mrs. Myrtle Williams as social welfare director—into the law.

The committee scheduled a special hearing on the bill, by Assemblyman William Rosenthal, Los Angeles, for next Monday.

Senator Fred Kraft of San Diego said its passage would help repeal No. 4.

"We ought to get the pension law out of the constitution and return control to the legislature, where it belongs," he said.

The committee recommended passage of another bill which would place the Proposition No. 4 pay scale—an $85 for top blind aid recipients and a $75 top for aged aid — in the state statute books.

Vatican Says Reds Torture Two Bishops

VATICAN CITY (AP) — A [illegible] can source said today that two leading bishops of the outlawed Uniate Church in Romania have been put to torture by Communist officials in an effort to break their allegiance to Pope Pius XII.

The source said that one bishop, Monsignor Ion Sucui, a Papal representative, disappeared last spring into the iron and concrete torture chambers in the basement of the Interior Building, in the center of Bucharest. The informant said it was known Sucui has been tortured but it is not known whether he still lives.

Wipe Out Church

The Uniate Church is a Romanian branch of the Roman Catholic faith. It was dissolved by the Romanian government last December.

The source said the Communist regime in Romania is bent upon "wiping out the two branches of the Roman Catholic faith there, from the ground up, and with the use of every means of terror, oppression and pressure."

This Vatican informant said the Communists demanded the Uniate Church leaders return to the orthodox Romanian faith. Six of the bishops refused. They were led by Monsignor Suciu, Papal representative of the Metropolitan See of Fagaras and Albia Julia, this source said.

Pension Meeting

A report on the court battles involving the state's new pension law will be presented Friday afternoon, June 24, at the Upland Womens' club.

All citizens are invited to the meeting scheduled for 1:30 p.m., sponsored by the Citizens Committe for Old Age Pensions.

ARRIVES IN LONDON

LONDON (AP) — Mrs. Brunhilda Eisler, wife of Gerhart Eisler, arrived at London airport today enroute to Berlin, where she hopes to rejoin her fugitive husband. She was deported from the U. S. yesterday.

Slot Machine Law Supported

CORONADO, Calif. (AP)—Support of pending state legislation outlawing slot machines was urged today at the 35th annual convention of the California District Attorney's association.

Arthur H. Sherry, Assistant District Attorney of Alameda county said that members of the association's law and legislative committee will appear at hearings on the bill Monday night before the senate judiciary committee. They will advocate passage of the bill, which makes mere possession of slot machines illegal.

"Learn to Swim" Graduates will Receive Their "Fins" Tomorrow

Today is a jittery day for Upland youngsters taking part in the "Learn to Swim" program sponsored by the Upland Chapter of the American Red Cross.

The kids are completing their swimming tests in preparation for "graduation" exercises to be held tomorrow at the Chaffey plunge.

Three hundred young swimmers have received instructions in four divisions during the past few weeks. Tomorrow the successful candidates will receive their certificates.

Special skill exhibitions will be presented by members of the four classes, for proud parents and friends who are invited to attend the 11 a. m. show and ceremony.

Instructors will give a special demonstration of small craft safety measures, using a canoe and paddleboard imported for the occasion.

Wilson Stone has been in charge of the "Learn to Swim" program.

Electric Brain Will Help Us Solve Our Problems in Future

LOS ANGELES (AP) — Men soon will have the aid of "electric brains" in helping solve their burdensome social and economic problems, indicates Dr. Harry Huskey of the U. S. bureau of standards.

"These robot brains are destined to cause as revolutionary effects on civilization as automobiles and airplanes," he told a conference of mathematicians yesterday at the University of California at Los Angeles.

Doctors will use the new computing marvels in diagnosing disease, he predicted, and social sciences will become more exact.

The bureau of standards is assembling an electric brain at UCLA which in a few minutes will perform a million operations requiring 20 persons, working night and day, a month to complete. Seven others are to be built in this country.

"It's impossible," said Dr. Huskey, "to more than hint at what such machines will do that has heretofore been beyond human powers. These machines are far more revolutionary than the public yet realizes. They should make heretofore impossible checks of theories possible in both the physical and social sciences."

A major part of the brain is its "memory", which will be made up of electric impulses on recorder tape and of cathode tubes.

Tenney Charges Committee Critics Failed to Repudiate Red Activities

SACRAMENTO (AP)—The state senate committee of UnAmerican activities charge today that 21 of its critics—mostly Hollywood personalities—had failed to "disprove or repudiate" their pro-Communist activities.

Senator Jack B. Tenney (R.), Los Angeles, outgoing chairman, singled out persons like Actor Frank Sinatra, Danny Kaye, Gregory Peck, Gene Kelly, Frederic March and Edward G. Robinson who "publicly protested or denounced the mention of their names in the (committee's) 1949 report."

Final report

Tenney submitted to the senate, in the form of a "final report" signed by committee members, a tabulated list of "specific citations" in Communist fronts, causes and activities, compiled from earlier reports by the same group.

The 21 names were among several hundred in the committee's 1949 report, issued June 8. They were mentioned, said the final report, "as persons who had failed to make any attempt to disprove or repudiate activities and affiliations cited in former reports." They still have failed to do so, the committee said.

A large number of those persons in the June 8 list replied with statements denying Communist sympathies and, in some cases, clapping back at the unAmerican activities group.

Fire Hazards Exist Around Upland, Ontario

Although it's cooler today than yesterday's record breaking temperatures state fire fighters aren't relaxing.

State firemen said today that a state of extreme fire hazard exists in areas surrounding Ontario and Upland.

Extremely low humidity and a high wind contribute to the hazard according to authorities at the San Antonio Heights station.

So far today no fires have been reported but the fighters were kept busy yesterday battling four blazes.

Most serious of the fires was near Chino where an eight-acre grain field burned after catching fire from an automobile which burst into flames on the Chino highway.

No financial loss resulted from the fire since the grain had been harvested last week.

Reported at first as a blaze out of control, a small blaze was quickly brought under control in the city dump at Campus avenue and 18th street in Upland yesterday afternoon. No damage was reported.

Boy Burns to Death in Chino

Andrew David Hernandez, 4½-year-old son of Mr. and Mrs. George Hernandez of Chino, burned to death last night in a fire which destroyed the family home.

Fire Chief Art Wagner said the fire was probably started by hot coals left in a wood range. The boy had been put to bed while the father was irrigating a nearby grove and the mother was visiting nearby.

12 Sign Up For Redlands Summer Classes

Twelve students from Upland were enrolled this week at the 1949 Summer Session of the University of Redlands. The Upland students joined with more than 1,000 other students to provide the largest summer session enrollment in Redlands history.

The 1949 summer program includes a special conference on early childhood education, a demonstration elementary school, conferences on rural school curriculum, improvement in reading, and for administrators and supervisors, and a workshop on curriculum for the slow-learning child.

More than 800 students have enrolled for the courses in art, biology, chemistry, economics, education, engineering, English, fine arts, geology, German, government, history, home science, mathematics, music, philosophy, physical education, physics, psychology, religion, sociology, Spanish, and speech.

The Upland students were Bonita Brewer, Charlotte Cantrall, Margaret Casler, Marjorie Cutler, Arthur Grove, Emma Masker, Donna Martin, Margaret Razetto, Elizabeth Ross, Jay Thrasher, Virginia Wakelin and JoAnne White.

Jubilant Family Welcomes Larry Cross Home for Good

One year after an accident which nearly proved fatal, little Larry Cross is home again, this time for good. He's healthy. He's walking. And he is as happy as a 4½ year old boy could possibly be.

The boy, son of Mr. and Mrs. Irwin Cross, 338 South Third avenue, was seriously injured when he swerved his tricycle in front of a truck driven by Cecil Dudley Neely, 620 Highland court, last August 11.

According to Neely and witnesses, the boy was riding his tricycle west along the south curb of the street. The truck was proceeding in the same direction near the north curb, when the child suddenly swerved to the right.

Broken Neck

The Upland youngster, whose case aroused as much attention in San Bernardino County as the Kathy Fiscus case did in San Marino, was carried 90 feet while his tricycle was rolled 15 feet. The accident occurred on Seventh street about four feet east of the alley between Sultana and Third avenues.

Taken to San Antonio Community Hospital, Larry was found to be suffering from several skull fractures and a broken neck. The boy did not regain consciousness for 15 days and has only recently regained the use of his legs. Thought to be permanently injured as a result of serious damage to his brain, Larry fooled 'em all, as he says, and will be "as good as new" in a shorter time than was believed possible.

Treated at the Casa Colina Convalescent Home for Children for the past nine months, Larry was given therapeutic treatment and baths, and when he spoke to this newspaper over the telephone, he said: "I really had fun." It had been feared he would never talk again.

Wants to Ride

Asked what he would like to do now, Larry replied he wanted "to ride my tricycle." Questioned about how he was feeling, the child said: "I'm fine."

Still wearing braces on his legs, Larry expects to remove them permanently very soon. As a matter of fact, he will probably start to school next year. The Cross family, which had planned a vacation just before their son's accident last year, will now be able to complete their interrupted jaunt to Texas, where Larry's grandparents live.

Mr. Cross, jubilant over his son's return, thanked the "many friends and the folks whom we have never seen, who wrote to express their sympathy and to encourage us in those black days when my son was thought dying or, at the best, permanently injured." Cross said letters came from Los Angeles, as well as from nearby cities.

Ocean Breezes Chase Heat

Put that fan away, mister, it's cooler today.

The Santa Fe station thermometer at ground level read 86 at 12:30 p.m. today with a fresh breeze coming in from the west.

Weather forecaster A. K. Showalter in Los Angeles said the explanation is simple: more sea breeze. Tropical air from the southeast has vanished into Arizona, where it is certain to be unwelcome. Cool, salt-laden winds from way out in the Pacific are being whipped southward down the coastline.

All in all, things are looking up, says Showalter "and it looks like it is all down hill for us folks the rest of the week, with temperatures dropping six degrees daily until we should have by Saturday a normal, cool June day.

Calling All Adult Would be Swimmers

Eleven more adults are needed to fill the "Learn to Swim" classes being sponsored by the Upland chapter of the American Red Cross.

The classes are held on Tuesday, Thursday and Friday, at 8 a. m., in the Chaffey plunge.

Adults may register at Red Cross headquarters, 433 North Second avenue, or at the plunge.

PILOT SAVES LIVES

MEMPHIS, Tenn. (AP)—A pilot's skill and split-second judgment were credited today by the American Airlines with bringing 43 persons alive through a holting crash laning followed by fire.

Thirty-eight of those aboard the huge two-engine Convair were injured when the airliner crashed two minutes after taking off from municipal airport here yesterday. It had developed engine trouble.

Typo Error Makes Every Thing Rosy

SEATTLE (AP) — County Auditor Robert Morris caught a typographical error in his monthly financial report forms to King county department heads. The next 5000 forms will be correct.

The last column on the form should be headed "unexpended balance".

But it has been headed "unexpected balance".

Which may be right, at that.

Three Hurt in Traffic Mishaps

Two Ontario youngsters and a Cucamonga youth were injured in traffic accidents yesterday.

Three-year-old Jimmie DeWild, 2723 South Campus avenue, was treated for pavement burns received when he fell from an automobile driven by his mother, Mrs. Marjorie DeWild.

Five-year-old Michael Rosenbrock, son of Walter J. Rosenbrock, 552 East G street, received a minor head injury when he rode his bicycle into the side of an automobile near his home.

The driver of the car, Mary E. Hesche, 1843 South Benson avenue, told police she was turning into a driveway at 526 East G street when the child rode his bicycle into the side of her auto.

Elvis Sheppard, 20 years old, of Box 591, Cucamonga, suffered a cut forehead in a traffic accident on Highway 66 yesterday afternoon. Sheppard was treated at San Antonio Community hospital.

Toastmasters Hold Meeting

Bruce Claflin was toastmaster last night at the weekly meeting of the Ontario Toastmaster club.

Speakers and their topics were: Horton Swisher, "Modern Egg Production"; Ernest Payne, "A Night on Half Dome"; Charles Cox, "A New Approach to Orange Picking."

Dr. Frank Melone was critic for the evening.

A timely table topic, "Ways to Keep Cool", was led by J. Eyre.

The feature of the evening was delivered by Phil Hamilton.

Guests included Charles Sheppard and Melvin Leo.

BLACKENED ORCHARDS

LOS ANGELES (AP)—Blackened orchard trees and oil derricks marked the path today of a raging brush fire near Whittier that was brought under control after covering some 2,000 acres.

The blaze, which started yesterday, destroyed at least 12 derricks, most of them in the Murphy Whittier lease, and three big oil storage tanks.

The flames coursed through Turnbull canyon and over the groves were reported hard hit by Puente Hills. Several avocado groves were reported hard hit by the blaze.

A Standard Oil Co. spokesman said the damage to his company's oil properties might exceed $250,000.

Foreign Farm Producers to Visit Upland

Junketing members of the International Federation of Agricultural producers will drop in for a visit Friday afternoon at the Upland Lemon Growers packing plant to see how lemons are processed and cured for the market.

The stop at the lemon growers plant will be the only call the producers, who hail from France, Sweden, Norway, Denmark, Italy and as far east as Rhodesia and India, will make in the Ontario-Upland area.

After spending about a half-hour observing lemon processing, the international group will go by car to the Lucas ranch in Cucamonga.

Shortly after their tour ends on Friday, the group will entrain for Amarillo, Tex., and eastern points on from San Bernardino.

Before their arrival in the Ontario-Upland area, the group will visit the Livingston ranch in Chino.

The tour started in the state of Washington and followed the fourth annual meeting of the federation in Canada, and is sponsored in the state by the California Farm Bureau Federation.

Included on tomorrow's itinerary is a dinner for the 100 delegates to be given by the San Bernardino County Farm Bureau board of directors, at 6 p. m., at the California Hotel.

County Farm Bureau officials said the I.F.A.P. is composed of representatives from agricultural organizations throughout the world, including the National Grange, Farmers Union, National Association of Farm Cooperatives and American Farm Bureau Federation in this country.

The three-day motor caravan through California began at the University of California college of agriculture at Davis, yesterday.

Russia Is Now On Defense for Europe Control

WASHINGTON (AP)—Secretary of State Acheson said today Russia has been definitely put on the defensive in the struggle for Europe.

He tolds a news conference that the results of the Big Four foreign ministers meeting at Paris show that.

Acheson said the Soviet Union was afraid to relax its iron grip on eastern Germany because the Russian leaders know they would no longer be able to control the German people if they did so.

Defensive switch

The real significance of the Big Four session at Paris, Acheson said, is that it demonstrated the greatly strengthened position of the western powers in what he called the struggle for the soul of Europe and the fact the position of Russia has been switched from an offensive to a defensive one.

Acheson declared that Communist-run Czechoslovakia is waging a campaign against religious freedom which violates "the decencies of civilization."

Sharp attack

The secretary made a sharply worded attack on recent Czech government measure against religious organizations.

He charged that restrictions imposed by the Communist regime are "an attempt to subject religious organizations to the rule of an intolerant police state." The campaign, he said, follows the pattern of those already carried out in Hungary, Bulgaria and other eastern European Communist states.

Earlier Acheson reemphasized to the house the "utmost importance" of approving the North Atlantic pact and the European Arms program at this congressional session.

Upland Officer Visits Naples

Lt. (jg.) Miles W. Wise, USN, husband of Mrs. Shirley J. Wise of 930 Terrace drive, Upland, has been on a ten-day visit to Naples, Italy, as a crew member of the aircraft carrier USS Coral Sea enabling him to relax after intensive training with the Sixth Task Fleet in the Mediterranean.

Visits to Rome plus tours of nearby Pompeii and the Isle of Capri were on the liberty schedule.

COMIC BOOKS OKAY

SACRAMENTO (AP)—A proposed statewide ban on crime comic books was defeated today by the state judiciary committee.

The committee voted 6 to 1 against sending an assembly-approved measure, by Assemblyman Willard M. Huyck, Los Angeles, to the senate floor.

Acheson Again States Urgency

WASHINGTON (AP)—Secretary of State Acheson re-emphasized today—this time to the house—the "utmost importance" of approving the North Atlantic Pact and European arms program at this congressional session.

Acheson also urged action by June 30 on a bill to provide $150,000,000 of economic aid for Korea.

The secretary spent more than two hours with the house foreign affairs committee and issued a brief statement afterward. He underscored what he had told the senate foreign relations committee yesterday—that action on the treaty and arms program are needed to back up America's policy in Europe.

The house has nothing to do with ratification of the North Atlantic defense alliance. But it will have to approve the arms program..

At the moment, the foreign affairs committee is considering the Korean bill.

Street Naming

Upland City Planning commission will meet at 7:30 p.m. tonight in the city council chambers of the city hall.

Expected to come up for discussion before the commission will be the plan to rename Upland's streets.

Headlines

Calls for Candor

BERKELEY, Calif. (AP)—There could be more "candor" about the prospects for atomic power without endangering national security, says Dr. J. Robert Oppenheimer.

"It seems to me that we never will find out whether atomic energy for civilian use would be a good thing unless we are told more about what can and cannot be expected of it," the famed nuclear physicist said.

Honolulu Fire

HONOLULU (AP)—Fire early today razed eight former army warehouses, destroying an estimated $500,000 worth of electrical equipment and food. The warehouses were part of a group of 25 now used commercially.

More Marijuana

CORONADO, Calif. (AP)—Use of marijuana is spreading "to an alarming degree among California teen-age groups," says State Attorney General Fred N. Howser.

Howser reported this in a talk to the 39th annual convention of the California District Attorneys association yesterday. He also called for a crackdown on sex and gun-law offenses in California.

Breaks With Party

WASHINGTON (AP)—Rep. Javits, a New York Republican, broke with his party's leadership and predicted in the house today that President Truman's big housing program will pass.

Some folks "are going to be surprised" by the number of votes the bill gets "on both sides of the aisle," Javits declared.

ANNA MARCH

Mrs. Anna March, wife of Andrew March and a resident of Ontario for 35 years, passed away suddenly Tuesday afternoon at their home, 1115½ West Valley boulevard, Alhambra, at the age of 71 years.

A native of Indiana, she came to California and Ontario 35 years ago, and had lived in Ontario until three months ago, when she and her husband moved to Alhambra.

Surviving besides the husband are a son, James M. March of Ontario; two daughters, Mrs. John Powell, West Covina, and Mrs. Harriet Adsley, Santa Monica; and a brother, George Scherb, Ontario.

Private graveside services will be held Friday morning at 9:30 o'clock at Bellevue cemetery, with the Rev. M. Merrill Jensen, pastor of the First Baptist church of Ontario, officiating. Interment will follow in Bellevue cemetery.

Richard's mortuary is in charge of arrangements.

PEARL E. SMITH

Mrs. Pearl E. Smith, wife of Bert S. Smith, 312 East Carlton street, Ontario, passed away on Wednesday at San Antonio Community hospital, apparently the victim of a sudden heart attack. She was 72 years of age.

A native of Ohio, she came to California and Ontario 36 years ago from Burns, Kansas. She was a member of the Temple Baptist church of Ontario.

Surviving besides her husband are three sons: Russell, Clarence and Raymond Smith, all of Ontario; three daughters, Mrs. S. S. Craig and Mrs. B. M. Foell, Ontario, and Mrs. L. W. Moore, San Dimas; a brother, Grover McIntosh, Florence, Kansas; 15 grandchildren, and two great-grandchildren.

Funeral services will be held Friday afternoon at 2 o'clock, at Richardson's chapel, 123 West G street, Ontario, with the Rev. Robert F. Dennis, pastor of the Temple Baptist church, officating. Interment will be in Bellevue cemetery.

SEEK FERTILIZER

FRESNO (AP)—More nitrogen fertilizer for California farmers is sought by the agriculture committee of the Fresno county chamber of commerce.

A resolution adopted yesterday asked that the Phillips Petroleum ammonium nitrates plant at Cactus, Tex., be used to manufacture fertilizer for domestic use instead of the fertilizer going to the army for foreign rehabilitation work.

ON THE FASHION BEAM . . .

Quilting — When two or more layers of fabric are stitched together with a lightweight padding between, it is called quilting. It has many uses, from practical wool quilting that makes warm bed coverings to decorative quilting at the hemline of full skirts. These are seen in greater quantity during summer because it seems a smart way of handling cotton.

Crisp taffeta and velveteen take well to quilting and make attractive little jackets and skirt trimmings. Quilting has found its way into coats as lining and now it will be used in handbags, too. One of the most attractive suede handbags has a gate frame in gold and its satin lining is quilted.

CHAPTER FORTY-EIGHT

DEB'S eyes came back to the cabin. The stack of yellow paper beside the typewriter was real—thank heaven the police had appeared before she had added her precious manuscript as fuel to her smoke signal—as real as the slab of wood mounted with the stuffed skin of a bass, the largest fish her father had caught, which hung on the broad stone chimney above the granite slab which served as a mantel. The clutter of cups and saucers on the floor, with Cocky in the midst greedily devouring the spilled cookies, was real.

She wasn't dreaming. She was in the cabin on the island. Tim's fingers touched her hand as he reached for the pine stick she held. No doubt of the reality of the response of her pulses. She was awake and terribly in love with a man who loved another girl.

"It won't be necessary to tell you that you don't have to talk without a lawyer present, Romney, I guess you know all the ropes."

McGregor's reminder recalled Deb's attention just as the kindling caught. It sent rosy shadows playing over log walls and bright-cushioned chairs, played fantastic tricks on the tear-furrowed soot of the chief's face as he backed up against an end of the broad mantel.

"That suits me." Romney took a step forward. The sergeant laid his hand on his arm and stopped him. "Take us back to the campus and I'll phone my lawyer."

"You've got the wrong slant and you know it, Romney. You haven't a lawyer, that was my little joke. The country that is paying you two guys to snoop for information at the Center pays big money, but, if you're caught, it will swear it never heard of you. Right?"

So, that was why these men were wanted? Not for the shooting of Henry Lander. Clive Warner's face was drained of color, Romney's was fiery red in contrast.

"Sit down, Deb." Tim drew forward a chair. "I'm sorry you've been let in for this, but it is safer to stay here till the wind goes down. That boat you came in is bottom-up in the middle of the lake." He cleared his hoarse voice. "I—I almost lost my mind when I saw it."

Having devoured the last cookie crumb, Cocky jumped into her lap, circled and settled for a nap. She leaned forward to listen, aware that Tim was standing behind her.

"I don't know what you're talking about, McGregor," Romney blustered. "I have an important assignment at the Center. Warner is an instructor there. Why should a country, beside this, pay us?"

"Perhaps you'll know what *I'm* talking about, Romney," Tim Grant answered for McGregor. "You are wanted in a country not far from here for violating oaths of allegiance and secrecy. Keen of you to be out with a cold the day the visitors from north of us came to look over the Center. You came recommended by men who had no suspicion that you are a traitor. It's amazing that you could find an American who fought in the war to agree to betray his country's scientific secrets. You drew Warner into it with the inducement of big pay. Too bad for him I didn't stop you before you shot—"

"I didn't shoot Lander," Romney's voice was loud, his face livid.

"How quick you are to fill in the name," McGregor took over. "I suspected you from the start, you were so free with information as to what everyone else was doing that night between the snack party and 1 a. m."

"Perhaps I was, but you can't prove that I shot the Judge."

"Then you know it was your side-kick?"

"Who, *me?*" Clive Warner's voice was hoarse with fright. "I didn't see the Judge after he left for the game house."

"Hmm-m. But you did monkey with Colonel Taylor's plane so that he almost lost his life in a take-off, didn't you? What's that but premeditated murder?"

"Don't answer," Romney prompted. "He's trying to trap us into admitting we shot Lander."

"I haven't traveled as far back as that yet; don't be impatient, we'll get to it. You did run down the Colonel on his bicycle, didn't you, Professor?"

"Suppose I did, it wasn't very serious. I knew he was Intelligence. I might as well tell all. You're right about our reason for being here. We had most of the information we wanted. We were about to silently disappear."

"And the last bit was in the notebook of Miss Randall's you tried to get today, wasn't it, Warner?" Tim Grant suggested.

"How did you—"

"Shut up."

Romney's rough command snapped Clive Warner's jaws together. He glanced surreptitiously at Deb.

"Too bad you took all that trouble, Clive. I took the notebook to Beechcroft with me." He bit at the end of his mustache. Color flooded his white face at the contempt in her voice.

"Captain Warner was asking how we knew." McGregor ignored the interlude. "You should let him finish his sentence, Professor. We knew, the same way Henry Lander knew of the espionage which had started at the Center. You killed him before he could betray you."

"I didn't kill him. I didn't kill him."

"Hmm-m. Don't shout. You're so excitable, Professor. I know who killed the Judge."

A spurt of flame from the blazing fire threw an uncanny light on the strained faces of the two men standing each side of the sergeant, on their wide, terrified eyes. McGregor fitted his fingers together.

"I know who killed the Judge," he repeated. In the silence which followed a log in the fire snapped with the suddenness of a pistol shot. Deb's throat was dry from suspense. *Why* didn't he say it? *Why* keep them on the rack?

"Scragg has confessed."

Fear died out of Romney's eyes, his body snapped out of its rigidity like a stretched rubber band suddenly released.

"I thought you were bright enough to get your man, Chief." A hint of pomposity had returned to his voice.

"Scragg has confessed—" McGregor paused— "that he saw you shoot the Judge, Professor."

* * *

"I'll fasten your beads, Debby." Sarah Allen's black taffeta rustled as with the pearls in her hand she approached the girl standing in front of the long mirror. She jerked her steel spectacles back to the bridge of her nose. "My sakes, you're pretty in that sparkly white dress. When you move the skirt floats out like an angel's wing."

"How come you know so much about angels' wings, Sal?"

"Seen 'em in my dreams." Sarah snapped the diamond clasp of the necklace at the nape of the tanned neck. She glanced at the window through which a large and beaming moon was visible. "Almost like spring outside, terrible unseasonable, though. This Thanksgiving Day was made to order for Madam Stewart's party to the college folks to celebrate the reopening of the game house."

"To celebrate also the clearing up of the mystery of the shooting of Judge Lander, plus the fact that a horrible cloud has been lifted from Beechcroft, don't forget that." Deb opened a cellophane box on the Wedgwood blue dresser. Gorgeous green orchids. No card.

"Lifted." Sarah Allen sniffed. "I'll say it's lifted, there ain't a wisp of it left. Even the stained badminton court floor has been replaced. Madam Stewart is thorough when she starts doing things. We've had some hustlin' times. You'd oughtta been here. I never did understand why you rushed off to Washington two days after Sandy McGregor caught the man who did the shooting."

Who did except herself, Deb thought. Who knew that McGregor had told her he had asked "the Head" to take her on at the Center for her protection for the duration of the manhunt? When she had asked Tim if it were true he had answered curtly, "Yes." Then and there she had resigned her position, then and there he had agreed, it was almost as if it were a relief to him to have her go. She had faked a summons from her Washington boss and had left Beechcroft the next day. She wouldn't be here now if Molly B. hadn't made her promise that she would return for Thanksgiving.

She thought of the trip back from the island in the police boat, Tim at the wheel, the chief and sergeant with Romney and Clive Warner, their faces covered by their hands, crouching between them. In the car on the way to Beechcroft she had asked Tim how he had reached the island.

"In the police boat." A chuckle brought color to his white face. "It was The McGregor's idea for me to approach the front of the cabin while he and his man dropped down the chimney, he said he'd always wanted to try it. Sam was right, there is a slice of ham in the chief's make-up." Laughter gave way to gravity. "I've been sure for weeks that Romney was a dead duck."

"You said that you and I would work together," she had reminded. "Why didn't you tell me you suspected that Burke Romney had shot Henry Lander?"

"That 'together' arrangement was to follow up the mystery of the disappearance of Ingrid's papers. When it came to murder—you were out as my side-dick in detection." His curt declaration had ended conversation between them.

Kansas Noses Out Pennsylvania For All-States Attendance Banner

Kansas has the All States Picnic banned.

Winning over Pennsylvania by 319 registrations, listed at the picnic by former residents of the Quaker State, Kansas will hold the banner until the next year's picnic. Competition between the two states was been but friendly until the last count was made and the last Kansas name bit the dust, Pennsylvania continued to believe they couldn't lose. They have held the banner for the last three years.

A total registration of those who signed the state designation sheets this year was 17,873. A slight decline was evidenced over last year, when registrations showed 21,099.

Registrations listed break down into the following actual figures according to Ontario Chamber of Commerce reports, based on the registration sheets turned in following the picnic:

Kansas, 1,616; Pennsylvania, 1,307; Illinois, 1,301 Missouri, 1,297; Iowa, 1,278; Oklahoma, 1,120; Ohio, 912; Michigan, 765; Nebraska, 753; Texas, 743; Indiana, 738; California, 736; Arkansas, 678; Colorado, 483; Minnesota, 474; New York, 413; Wisconsin, 386; Canada, 305; South Dakota, 241; North Dakota, 213; Montana, 190; Massachusetts, 182; Arizona, 175; Tennessee, 174; New Jersey, 151; Kentucky, 146; Connecticut, 128.

New Mexico, 105; Idaho, 99; Alabama, 94; Washington, 86; 85; Maine, 65; Hawaii, 58; North Carolina, 51; Vermont, 47; New Hampshire, 42; Louisiana, 42; Mississippi, 37; Georgia, 30; Rhode Island, 27; Florida, 23; Nevada, 21; District of Columbia, 17; South Carolina, 16; other countires, 15; Delaware, 12.

Registrations not received are from Maryland, Oregon, Utah, Virginia, West Virginia, Mexico and Alaska.

"Human Fly" Chooses Death Over Life Behind Folsom Prison Bars

FOLSOM PRISON (AP)—Carl Hopper, 29, "The Human Fly", chose death today to a life behind bars.

Warden Robert Heinze reported that the Los Angeles robber was found dead in his solitary cell—hanging by the neck with a sheet tied to the elbow of some plumbing.

There was a note to the convict's mother, Mrs. Corrine Hopper. Heinze said he hadn't decided as yet whether to give out the contents. He is trying to locate Mrs. Hopper, believed to be either in San Francisco or Los Angeles.

Hopper entered Folsom Feb. 27, 1945, with a four-count Los Angeles robbery conviction on his record. He got to be known as "The Human Fly" in Los Angeles after he once slipped away from the county jail.

He tried it once at Folsom. In 1947 he assaulted a guard and got out of one building—but not the grounds. For his attempt to flee, he was convicted in Sacramento as an habitual criminal—which carries a life sentence.

Heinze said Hopper was alright at the midnight checkup. Two hours later, however, correctional officer Willis Palmer saw that he wasn't in his bunk. He entered the cell and saw the hanging body.

SOCIETY

Dr. Daisy Lucas Seated as Head Of CDA Court

In ceremonies held Tuesday evening in Memorial Hall, Ontario, Dr. Daisy Dean Lucas took office as grand regent of Court of Our Lady of Fatima, Catholic Daughters of America. Mrs. Ann Malloy of the Whittier court was installing officer. Accompanying her were Mrs. D. P. Nestegard, assistant monitor, who assisted in the installation; Mrs. Arthur Dingle, past grand regent, and Mrs. Nell Croke, all of the Whittier court.

Other officers seated were Mrs. Ralph Ricci, vice-grand regent; Mrs. Floyd Patterson, prophetess; Mrs. Henry Berny, lecturer; Mrs. Steve De Ambrogio, historian; Mrs. Robert McGrain, financial secretary; Mrs. Melvin Leo, monitor; Mrs. Douglas Harp, treasurer; Mrs. Edward Mesler, sentinel; Mrs. John Pitts, organist; and Mrs. Anton Moertel and Mrs. Frank Beck, trustees.

Chaplain Msgr. John M. Hegarty spoke on "The Position of Catholic Women in the World Today," as outlined in the Encyclical of Pope Pius XII. He pointed out, however, that it is the mothers of children who wield the greatest power in the world today. Repeating the age-old adage, "The hand that rocks the cradle rules the world," he emphasized that a child's mind is molded by his mother by the time he is 5 years old. A mother preaches without speaking—by example, he said.

A past grand regent's pin was presented to Mrs. Anton Moertel.

It was announced that the Altar Society will hold its benefit luncheon Thursday afternoon at 12:30 o'clock, at the home of Mrs. Albert Leo, 311 Armsley square, Ontario. Reservations may be made with Mrs. Hamlin Hawker, 552 Harvard place, Ontario, by telephoning 617-364.

June being the month for Catholic Daughters to honor brides, a wedding gift was presented to Mrs. Eugene Brumley (Margaret Lawrie), and refreshments of wedding cake and punch were served.

MR. AND MRS. GUY V. WHEATLEY

Guy Wheatley Takes Carol Schmutz As Bride in Beautiful Church Ceremony

Exchanging vows in the First Mennonite church of Upland, Miss Carol Jean Schmutz, daughter of Mr. and Mrs. Henry Schmutz, 1101 North Hellman avenue, Alta Loma, and Guy Vern Wheatley, son of Mr. and Mrs. Guy Vern Wheatley, 415 North Archibald avenue, Alta Loma, were united in marriage Sunday afternoon.

The Rev. Earl Salzman, pastor, performed the double ring ceremony at 2 o'clock in the presence of some 300 relatives and friends. Tall baskets of white gladioli and larkspur, potted palms and candelabra with cathedral candles formed an attractive background for the bridal party.

Miss Evelyn Dettweiler, organist, played incidental music before the ceremony and accompanied the soloist, Miss Joyce Gammon, who sang "Because," and "Wedding Prayer" as the couple were kneeling at the altar. She also played the traditional wedding marches for the entrance of the wedding party and the recessional.

The lovely bride, given in marriage by her father, wore a gown of white satin, fashioned with a fitted bodice with long pointed sleeves, and small yoke and Peter Pan color of Chantilly lace. The full skirt fell in a short train. Her fingertip veil of silk net was held in place by a braided cornet entwined with pearls. She carried an heirloom fan, trimmed with a band of bouvardia, with a single orchid in the center. For something old, borrowed and blue, she carried a blue silk handkerchief which was an engagement gift from her great-grandfather to her great-grandmother.

Miss Joan Schmutz attended her sister as maid of honor. She was gowned in gold taffeta, with a halo of orchid larksur, and carried a bouquet of orchid gladioli and larkspur.

The bridesmaids, Miss Caroline Hogan and Miss Betty Whealy, gowns in style similar to that of the maid of honor. Miss Hogan was in lime green, with halo of yellow larkspur, and carried a bouquet of yellow gladioli. Miss Whealy was in dusty rose, with white larkspur halo, and carried white gladioli.

Little Irma Schmutz, in pink organdy, acted as flower girl; and Lewis Schmutz was ring bearer.

Miss Erica Schmutz in pink both of Ontario, wore taffeta brocade, and Miss Teresa Campos in blue brocade, lighted the candles before the ceremony.

Robert Wheatley assisted his brother as best man, and Robert Saylors of Alta Loma and Richard Lee of Beaumont ushered the guests.

Following the nuptial rites, a reception was held in the church parlors, where the mother of the bride received guests in a floor-length gown of gray crepe, accented by a corsage of red gladioli. The mother of the bridegroom assisted in a floor-length blue crepe gown, with which she wore a corsage of pink carnations.

Esther Reed daisies and tall tapers decorated the refreshment table. When the bride and bridegroom cut the first slice of the four-tiered cake, according to custom, the cutting and serving was continued by the bridegroom's sisters, Mrs. Cole M. Downing and Mrs. Richard Lee Wise. Mrs. Carl Pardee and Mrs. Dorothy Mathwin served the punch, and Mrs. George Gardner circulated the guest book.

When the newlyweds left for a week's honeymoon of unannounced destination, the bridge wore a beige suite with brown accessories.

The bride is a native of Alta Loma, and has been a student at Chaffey high school. Mr. Wheatley is a graduate of Chaffey high school and is employed at a local citrus packing house.

Among out-of-state guests at the wedding were the bride's grandmother, Mrs. W. F. Wilkowske of Molallo, Oregon; Miss Lois Meschberger, great-aunt of the bride, from El Reno, Oklahoma; and Mrs. Cole M. Downing of Dayton, Ohio, sister of the bridegroom.

Robert Ruark

INDIANOPLIS, June 22—The Rev. Charles M. Fillmore is probably the oldest practicing songwriter in America today, and one of the best adjusted, since he never cares whether his songs make any money.

Mr. Fillmore, now 80, is the author of "Tell Mother I'll Be There," a lugubious ballad which has been used to convert more heathern and force tears to the eyes of more blacksliders probably than any other single song in the last 50 years.

"Tell Mother" was written by Mr. Fillmore back in 1896, and was, he says, based on president McKinley's message to his dying mother. Mr. Fillmore, a slight, white-haired, active little man, received $5 for the song. It has sold millions of copies, and has been translated into Japanese, Korean, Spanish, Portuguese, Romanian, Turkish and Armenian.

Mr. Fillmore used to bill himself as preacher: Author: Musician: Editor: Lecturer. He preached, played, edited and lectured all around and about. His songs mostly specialized in mothers. Apart from the mother song that made him famous, he has written "Home and Mother," "I'll Wear A White Flower For Mother," "Mother Love," "My Good Old Mother's Religion," and "My Mother's Photograph."

As he looks back over the years, Mr. Fillmore cannot decide whether he felt more strongly against the demon rum or the vicious coffin nail. He has written a treatise entitled "Tabacco Taboo," and was editor of "The No-Tobacco Journal."

Some of his lectures have been entitled: "A Cause of Alarm," "A Call to Arms," "Judas Nicotinus," "Keeping Kissable," and "Kindred Vices." There has never been any compromise in Mr. Fillmore. Two of his favorite lecture topics are "Abhorring Evil" and "Loving Righteousness and Hating iniquity."

Mr. Fillmore tells me he has been writing songs since 1883, all of a religious nature, that he sold the average effort for $3. He cannot remember how many songs he has written. There were several hundred, but he said, "my mind is not as bright as it was 40 or 50 years ago." The most he ever received for a single song was the $300 he got for "White flower for Mother."

Mr. Fillmore says he sold "Tell Mother I'll Be There" to his brother, who ran a music house in Chicago. An evangelist named Charles M. Alexander was in the habit of singing to his flock from brother Fillmore's compilations.

"It was a dull night at a revival meeting in Newton, Kan.," the Rev. Mr. Fillmore recalls. "Alexander was giving of his best, but he just couldn't get through to the people. He decided to sing, to wake them up a bit, and turned accidentally to my song. He sang the song, and when a big railroad fireman started to crying, Alexander knew he had a real hit on his hands. He bought it from my brother—I don't know what he paid—and took it to England.

"Well, Sir," Mr. Fillmore goes on, "it was the blessedest thing you ever saw. All of England wept when they heard my song. It was the same way all over the world."

The singing evangelist Alexander held onto Mr. Fillmore's hit for 26 long years. Then he died, the copyright expired, and Mr. Fillmore had his hit back in his hands again. He sells it now for a $1 a copy, and the sale is brisk.

Although Mr. Fillmore has become slightly more tolerant of the use of tobacco by others—he allowed me to smoke a cigaret as we chatted—he has not slackened an inch on evil, although he has been retired from active preaching for 19 years. When he celebrates his 79th birthday on July 15, he has a new song all ready for publication. It's title is "The Way to Live," and its theme comes from Romans 12:21.

"You have to overcome evil with good," the Rev Mr. Fillmore says. "You can't let up even for a minute."

Hal Boyle

NEW YORK (AP)—Tired of eating the same old things? Want a new flavor thrill?

Then why not try some tasty marrow from a woolly mamoth aged for 10,000 years in nature's northern icebox? You'll never forget it.

Charles R. Knight has remembered the sensation for 25 years. He is an artist famous for his poineering paintings of prehistoric life.

"About a quarter of a century ago the American museum of natural history got some bones and flesh from a Woolly mamoth, trapped in the Alaskan ice perhaps 10,000 years before," he recalled.

"We were curious as to what it would taste like, so we tried some of the marrow. It tasted exactly like rancid grease."

Nobody asked for a send helping. Knights feels he was luckier that some Russian scientists who dined on the flesh of another woolly mammoth caught long ago in the Siberian deep freeze.

"They got awfully sick," he said.

All the world's a graveyard to this 74-year-old artist, who perhaps as much as any one man has helped the past come alive. Since 1894 he has specialized in painting prehistoric men and animals, and he was the first to do so scientifically — based on reconstructed fossils.

His large-scale murals hang in a dozen wellknown natural history museums across the country, and his work was collected by such nature lovers as the late J. P. Morgan, governor Pinchot of Pennsylvania, and historial Charles A. Beard. His fifth book, "Prehistoric Man" soon will be published.

His 55-year study of the earth as it was in the days of the dinosaurs has convinced him modern man doesn't have too much to brag about.

"Ancestral man has existed for perhaps a million years," said Knight, "but he didn't assume his present manlike shape until the cro-magnon man of Europe, some 30,000 years ago.

"And the cro-magnon was just as good a man as we are, mentally and physically. The cro-magnons averaged 5 feet 9 inches tall, but some were 6 feet 3 or 4 inches tall.

"You could bring a cro-magnon man to New York City today and after you had shown him a few wonders, he'd be able to get along all right."

He'd be able to appreciate television as well as the next cliff dweller.

Knight is convinced that mankind's biggest defeat is his failure to develop spiritually.

"With all our advantages we haven't advance spirithally, as we can and should and must," he said. haven't advanced spiritually, as we are better than cro-magnon.

"Confucius, Christ, Mohammed—these and other messiahs have told us a thousand times what to do. We know what to do—but we don't do it.

"I don't know what to make of modern man. He throws away his possibilities. He is a deliberate fool—the worst kind of a fool."

But Knight thinks there is little use for man to trust that nature will bail him out of the trouble he is getting himself into.

"He will destroy himself unless he returns to more spiritual ways. He's a goner.

This amazing world of ours is changing rapidly—the ideological, social and political upheaval of an atomic age.

We are in the midst of a global metamorphosis which exceeds anything since Adam. It's a transformation in which folk who fall out of line are likely to get stepped on.

Consider the marriage extraordinary of the German Princess Cecelia of Hohenzollern to Clyde Harris, a good-looking former American army officer from Amarillo, Texas.

The princess is, of course, the granddaughter of the late Kaiser Wilhelm (the all-highest) and is a direct descendant of England's immortal Queen Victoria. The wedding took place yesterday amidst the splendor of one of the Hohenzollern castles, with many notabilities, including royalty, present.

Imagine the kaiser's granddaughter marrying a commoner! When I was a young fellow, in the hey-day of the all-highest ("Did they have ice cream when you were a little boy, daddy?")—when I was a young fellow, such a marriage would have been unthinkable, at least to the emperor and his court.

Royalty was royalty and the kaiser ruled by divine right (and no fooling)! It was the kaiser's exalted view of himself which inspired the poem, "Me Und Gott," by an American naval officer, a composition which infuriated his majesty. It was that same ambitious spirit which had much to do with hastening the present politico-social global upheaval, for it was he who gave the signal which precipitated World War I.

Throughout that fateful conflict the Germans glorified the kaiser. At German headquarters in Spa, Belgium, a safe distance from the fighting front, they dug a trench and about this staged a fake battle while the all-highest paced back and forth on the parapet "amidst shot and shell." And they took pictures of the emperor in this heroic act and showed them throughout Germany to encourage the populace.

Finally came the German collapse, the revolution and the forced abdication of the kaiser, who went into exile in Holland. Thus disappeared one of the greatest thrones of history, to be followed by the rolling of crowns in many other countries.

The rest of the German royal family, including little Willie, the crown prince, retired to private life and, since then, have lived quietly with ample means amidst their wonderful estates. Gradually they have been adapting themselves to the new world which has followed the kaiser's war. Yesterday's wedding indicates how well they have succeeded.

The blonde Princess Cecelia is a charming woman of 31, who has married for love—with the smiling approval of her royal relatives. The best man for the wedding was her brother, Prince Louis Ferdinand, who is married to the Grand Duchess Kira of Russia, a charming couple, as your correspondent knows from personal acquaintance. Louis, by the way, donned overalls and worked as a mechanic in the Ford automobile factories at Detroit, some years ago. He wanted the experience, and liked it. Of his new brother-in-law he says:

"We love Clyde. He is such a sincere, likeable and genuine chap. I can tell you, we are happy about this match."

And will the newlyweds live in a castle in Germany? Not on your life. Harris is going to take his bride back to Amarillo where he is an interior decorator. There they will build themselves a home, even as you and I.

Yes, our world certainly is changing. Are we in step?

The Alps Mountains constitute 61 per cent of the area of Switzerland.

Jewelers Meet Fleetmasters and Ranchers Take on G. E. Tonight

by Don Benson

Tonight's games feature the Jewelers against the Fleetmasters at 7 p.m., and the Cucamonga Ranchers against the recently-beaten General Electric at 8:30.

Another undefeated team bit the dust last night as the Cucamonga Indians swarmed all over the Cycle-Sports-Police for a 6 to 2 upset, to polish off the only team that remained unbeaten in league play.

The American Legion poured five runs over the plate in the first inning to cop the second-half of the double-header.

The surprising Indians pushed across three runs in the second on hits by Orvelas, and error by the catcher, and a hit by pitcher P. Lujan., and another error by the left fielder.

The Indians garned one hit in each of the next three innings, then pounded three more hits by Mendoza, R. Acuna, and Garcia, plus a double by short-stop Lujan. This was more than enough to bring the Cop's to a halt.

The Cyclers started too late to catch up with the high-flying Indians, waited till the last inning before getting in the groove. They had rapped out four hits before but to no avail, then Ted Atwood singled, Howard was out on a fly, and Mueller was out 1 to 3. Forsen walked and both base runners came in on Johnny Wessely's powerful double, for their only tallies.

In the second duel, the Legion exploded for five runs on three hits and two errors in the first inning to salt away the game. Pitcher Jeff Benner walked to start the carnage, and after McKennett was out at first, Chili Hull was safe on first due to an error on Hoyos. Buzz Gardner singled to score Benner, and Drake was safe on another error by Bernie. Phil Martinez doubled to drive in Hull and Gardner, with Martinez romping in on Bob Thiel's two bagger, with Bob being put out trying for third and not making it.

The Dukes started pecking away at the Legion, and dented the plate with one run in the fourth. Jim Woodward singled, stole second and third and scored in pitchers. They got hotter in the next inning, scored twice, with little but mity Jud Humphrey doubling. Hoyos bunted safely, with Clyde Francisco whacking out a double to score both runners. Their last tally came in the last inning. Hoyos walked, stole second and third, and scored on Vince Melendrez's smash to third.

Short-Hops:- This was Jeff Benners second win, and it was a tough one for youngster Bob Brown to lose, as errors hurt like the dickens, as they always do. . The Dukes seemed to lack their usual fight and fire, altho they did show lots of fire arguing with the umps in the seventh inning. . . The crowds are averaging over 500 per game and will double that shortly, now that the weather has finally arrived. . .

Ontario Braves Drop To Second

A big third inning rally was once again the downfall of the Ontario Braves as they were beaten by the San Bernardino Post 114 team 12-7. The defeat moved the locals into second place in the league standings.

Frank Trask started on the mound for Ontario but gave way to reliefer Carl Zimmerman after Berdoo tagged him for five big runs in the third inning rally. Ontario tried hard to get back in the ball game knocking out 14 base hits, however, Pitcher Mendoza of the Berdoo post left them stranded on bases. The winners got only 12 safeties from two Ontario pitchers but they came in bunches.

Shortstop Lou Vasques returned to the line up after sitting out the Redlands game because of lack of proof of his age. He was the big stick to knock out a double and a single to drive in three of the Ontario runs.

Ontario invades Upland Memorial field on Saturday to play the Upland Post. Game time is 2 p.m.

Walcott Calls Charles Sneaky

CHICAGO (AP)—Having flung his leather at Ezzard Charles without avail, Jersey Joe Walcott decided to fling some mud.

While Charles, newly-crowned NBA heavyweight boxing champion, was paying somewhat of a tribute to loser Jersey Joe by saying "He can take it." Walcott called the 27-year-old Cincinnati belter "a sneaky puncher".

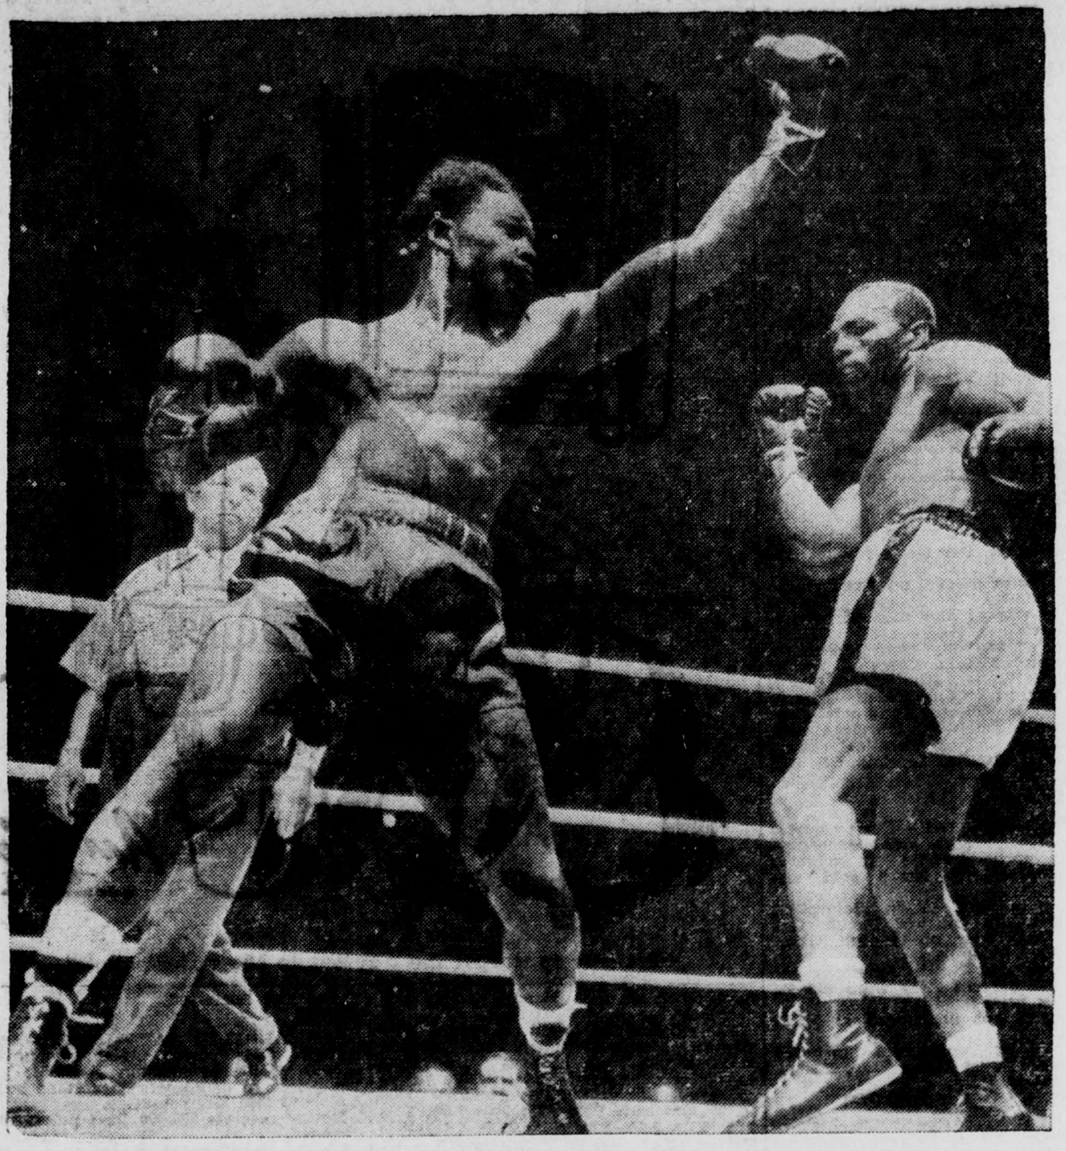
Felix Bocchicchio, Walcott's manager chimed in:

"Charles kept hitting low every round — they were punches that hurt my boy."

Davey Miller, veteran referee, discredited Walcott's charge.

"I thought both fighters broke pretty well for big guys," he observed. "I didn't see any punches thrown coming out of clinches."

The estimated population of Sweden in 1947 was only 6,803,000.



Ezzard Charles (left) misses with a high-swinging vicious left as Jersey Joe Walcott dodges away in first round of their NBA heavyweight title bout at Chicago last night. Charles won a 15 round decision.

Valencia Market Needs Win Over Richardson's to Stay in Fight

by **HAL BORCHERT**

Richardson's Mortuary meets Valencia Market tonight in the first game of a Double A twin bill at De Anza. The Grocers lost their first game of the season last night to the Bank of America and need this game to keep in the league running.. Armstrong's Nursery meets King Cole Market in the nightcap.

On the Unity diamond Upland Baptist takes on Nazarene in the Church league double - header. Catholic Jets meet Ontario Baptist in the final tilt..

The girls move into Vina Danks tonight with Shirley Wolfe playing Jo Cantrell in the opener and Helen Frazee meeting Phyllis Blatz in the second. Both games are practice tilts.

The Bank of America and the Elks club continued their winning ways last night by downing their opponents easily. The two clubs are now tied with POA for leadership in the Double A loop.

Chuck Hugelman limited Valencia to six runs while his teammates were making ten trips around the bases as the Bank won 10-6. Hugelman gave up eight hits while losing pitcher Ray Arcineaga was tagged for 11 safeties.

In the second game Bob Hardy, on the mound for the Elks club, shutout the American Legion team 9-0. Hardy limited the losers to seven scattered hits in posting his third win without a defeat. Runner was the losing pitcher.

Upland Rotary outlasted the Ontario Air Guard and came through to post a 14-10 victory in the Single A league last night. The game was the first of a double header on the Unity diamond.

In the second game Kiwanis defeated a hapless Litchfield nine 10-4. Pitcher Smith limited the losers to only six hits.

JUNIOR LEAGUE

The Junior Legion continued its winning streak last night as they ran wild over the Opti-Kids, 18-0, in the first game of a Junior league double header at Vina Danks. The losers used three pitchers in trying to stop the big bats of the Legion. Scriven pitched for the winners.

Another rout took place in the second game with the Junior Eagles Junior Del Mar 15-4. Lopez and Westlake pitched for the Eagles. The Eagles are currently in second place in the standings behind the front running Legion. The Legion defeated them 3-2 last week.

Jones Leads Card March Up Ladder

ST. LOUIS (AP) — Quick now, who is the regular first baseman of the St. Louis Cardinals?

The average baseball fan probably has to think twice before answering "Vernal (Nippy) Jones," but the 24-year-old sophomore first sacker, in his colorless but efficient way, is doing a bang-up job for Manager Eddie Dyer.

In the Cards' last nine games with Brooklyn, Philadelphia and New York, Jones has wrecked enemy pitching for 17 hits in 38 times at bat. He's driven in 17 runs and boosted his season mark to a respectable .311.

Collects Three Hits

Jones collected three hits last night to help the Cards defeat the Giants, 11-8. The victory moved the Redbirds to within a half-game of the first-place Brooklyn Dodgers, who were defeated by the Reds in Cincinnati, 4-3.

Cincinnati had to go 11 innings to defeat the Dodgers. Three successive singles by Peanuts Lowrey, Grady Hatton and Walker Cooper furnished the winning run after two were out. Ewell Blackwell, pitching two and a third innings of relief, received credit for his first victory of the season.

A trio of homers by Herman Reich, Hank Sauer and Pitcher Dewey Adkins helped the last-place Chicago Cubs outlast the Boston Braves, 9-8. Bob Muncrief, one of the 10 pitchers used in the game, was credited with his first victory as a Cub.

Two for Restelli

Dino Restelli, rookie Pittsburgh outfielder, celebrated the end of his first week in the majors by blasting two homers—his fourth and fifth—to lead the Pirates to a 12-3 triumph over Robin Roberts and the Philadelphia Phillies. Vic Lombardi went all the way to notch his first victory of the season.

The Detroit Tigers regained second place from the Philadelphia Athletics, defeating the Red Sox in Boston, 13-4, while the A's were bowing to the Cleveland Indians in a 14-inning thriller, 7-3. The triumph, coupled with New York's split in its doubleheader with the St. Louis Browns, left the Tigers four games behind the front-running Yankees.

Browns Split

The Yankees received a scare from the cellar-dwelling Browns who whipped them 5-1 in the opener. The Yankees came back to outscore the Browns, 10-8, in the nightcap. In the other American League game, the Chicago White Sox, behind the steady hurling of southpaw Bill Wight, defeated the Senators in Washington, 4-1.

The Tigers blasted four Boston pitchers for 18 hits, good for 26 bases. Johnny Lipon got four, and Paul Campbell and Vic Werts got three apiece.

Southern Cal. Nine Loses In Tourney

WICHITA, Kas. (AP) — The Wake Forest Demons and Texas Longhorns meet in the winner's bracket game of the National Collegiate Athletic Association's championship baseball tournament tonight (6 p.m. PST).

Paired in the second game of the double elimination tourney are Southern California, the 1948 National Collegiate champions, and St. John's of Brooklyn. The loser in this game, scheduled for 11 o'clock, will be eliminated.

Wake Forest defeated Southern California 2-1 in the top of the tenth inning in first round play last night as Gene Hooks doubled home pitcher Harry Nicholas.

Texas swarmed over St. John's 7-1 in the opener.

The championship will be settled Saturday.

Sport -O- Graphs

DON BENSON

The U. S. C. Trojans are now in Wichita, Kansas, where they will start defending their last year's N.C.A.A. baseball title, against St. John's of Brooklyn, Wake Forrest, of North Carolina and Texas U.

Play starts June 22nd, with all teams drawing for their opponents. Two games are played on Wednesday and Thursday, the winners meeting each other while the losers do the same, with the loser being "out" like Lottie's eye. Friday, the one unbeaten team has a bye while the other two tangle, with the final playoff for the title played Saturday. All games will be played at night.

There will probably be a baseball scout for every fan in the stands, as no less than four or five of the Trojans have been listening to the sound of dollars, and you just know that the other three teams also have some high-priced talent, or they wouldn't have reached the finals.

S. C. was blessed with a touch of luck in their final game with Colorado State last week. Going into the final game, they trailed 7 to 0, and then pulled one out of the bag by scoring eight runs for an 8 to 7 win. Colorado lost their ace catcher when spiked, and they were forced to put in a second baseman behind the plate, and it was this lad that threw wild to third that allowed the winning run to score. It was and should have been sort of a hollow victory for the Trojans, but we are glad they are going to have the chance to defend their first NCAA title in baseball tho' S. C. will meet Wake Forest, winner over Notre Dame last week.

ODDS AND ENDS: The big games of the Upland league are drawing pretty good attendance, which will no doubt be doubled when this warm weather starts driving the people outside evenings to cool off. They can't find a better place than the Upland park, as a perpetual breeze comes whispering through the stands from the southwest that does the job. . . . That was a scintilating stop made by Bob Hannah in the recent Pirate game when he leaped about 20 feet straight up in the air (it look that high, anyway) to snare and throw to rob A. Vasquez of a sure hit. . . . Colunga, catcher for the Pirates, made a beauty of a diving catch of Hannah's pop foul, to even the score. . . . Jimmy Gilmore, stubby shortstop for the G. E.'s, made a beautiful play in the sixth to cut down Rockey Anguiano at first. . . . And the way second-sacker H. Argust ran 'way back to grab Gilmore's semi-liner in the second inning, definitely stopped a rally. . . . The boys are coming up with some terrific defensive maneuvers, and show the class of ball they are playing. . . . Incidentally "Parson" Ross really powdered the ball last Tuesday night against the Jewelers Tommy Wilson, when he drove the ball far over the head of Ray Baker in left field for one of the longest homers seen at the park. The Shady Grove hefty also slugged one "a-fer-piece" for a homer against G. E., if memory still serves me. . . . The umpiring in the league has been very good and very bad, but for the most part pretty fair, although if the league has any choice, they should eliminate some of them and try to retain the guys that have "the touch". Some look, act and move like an umpire; others just look, and not very good.

Trackmen Descend On Fresno Meet

FRESNO (AP) — The nation's best trackmen poured into Fresno today for the biggest meet of the season — The National A. A. U. championships.

Theh entry list for the two big nights of competition is studded with the names of athletes who endanger world records any time they step onto a track, and tomorrow and Saturday they'll be running on what the records show is the fastest track in the country, the clay running strip of Ratcliffe stadium.

Cycle-Sports and Police Team Has Well Rounded Squad of Veterans

(This is the seventh of a series of articles dealing with the ten teams that are now playing in the Upland league. Others will follow weekly.)

By **DON BENSON**

We finally ran Chief Gene Muller down and this is what the manager of the Cycle-Sports and Police team told us about his team.

After chiding me in a manner that can't be described as hardly light, Gene gave me the following information on his players:

Duane Maske, catcher, played two years with the Fleetmasters, and his peppy all-around play is a big help to the team.

Dayton Dickey is one of our other catchers. He coaches at Upland junior high and is base coach for the Cyclers, and Ted Atwood, recent graduate of Washington U., can catch and also plays a bit of first base.

For our pitching staff we have the well-known Elroy "Tut" Miller, who I consider one of the very best in the league. He has the least earned average of any pitcher in the league. Regardless of the situation, he remains cool and usually collects too.

Jim Howard, who pitched with the V.F.W. in Ontario last year, is our other moundsman and with more experience should be very good.

Jim Matthews from North Hollywood is our third twirler, and he also plays in centerfield.

And at first base we have the one-and-only Felix Quesada, the rythm-fielder. A graduate of Chaffey college, and a veteran, this makes his third year in local softball. At second base, we have newcomer Harold Parrazo, who operates out of the Upland office of the California highway patrol. Parrozo is the leading hitter and an experienced ball player, having played in top-company during the war, playing on the Sunnyvale team.

Billy Harness is our young hope at shortstop. This 16-year-old soph at Chaffey also shows promise of developing into a good pitcher, while holding down his infield spot.

At the hot corner we have Johnny Wessely, who has played with us for three years now and is doing a good job. John came from Tilton Tech in Chicago, where he starred in both baseball and a game called football. Our other third-sacker is Clyde Frischolz, who doubles as a utility man. He played for Dukes last year, and is a big favorite of the kids.

In left field, George Forsen is one of our best base-runners and is also another three-year man.

Charley Michaelis, the 220-pounder, and who has hit two timely home-runs, came from East St. Louis. He switched this year from the right side of the plate to the port-side, and is doing fine.

Geral Ferrari, from Marysville, Calif., was a star full-back and played on the baseball team. Fred Strohte of San Diego, former sergeant, is an excellent utility infielder. Harland Jackson, another outfielder, rounds out the team.

Gene also said that he might do a spot of pinch-hitting if the occasion should arise. He had a .350 batting average last year, too. He suffered a badly broken finger and has kept to the sidelines so far this year, but don't be surprised if the old war-horse grabs a bat and takes his stance at the plate during a hot game staged by the Cycle-Sport sponsored team, combined with the players from the Upland police.

The violet is Illinois' state flower.

Homers Help Solons Climb Into 3rd Spot

SACRAMENTO (AP) — The Senators from Sacramento have legislated themselves into the first division of the Pacific Coast League.

They advanced from fifth place Monday to third yesterday at the expense of Oakland. With the aid of homers by Walt Dropo, Pete Coscarart and Joe Marty, the Solons set back the 1948 circuit champions, 7-3. It was Pete's second four-master in as many nights.

The three Acorn runs came in the eighth on five hits off Bob Gillespie, the winner. Lou Tost drew the Acorn defeat, although giving way to Frank Nelson and Tom Seats.

Woods Wins

Pinky Woods notched his 11th win in hurling the front-running Hollywood Stars to a 13-1 win over San Diego. The loss dropped the Padres to a tie for fourth place with Oakland.

The Stars started their offensive in the second inning, when Jim Baxes slammed out a homer. They exploded with five runs in the fourth, highlighted by Irv Noren's grand-slam homer. Noren also singled and accounted for six runs altogether.

Seventh Straight

The sixth-place Portland Beavers, late cellar-dwellers, racked up their seventh consecutive win, beating San Francisco, 7-3. The Beavers pecked away, a run at a time, except for a pair in the fifth on two singles, a sacrifice and a balk by hurler Al Lien.

Walt Judnick of the Seals tapped his fifth home run of the season in the fourth. It was right-hander Hal Saltzman's eighth win.

Seattle came from behind to trip Los Angeles, 6-4, amassing four tallies in the eighth. The stage was set by two Angel errors. Hans Becker's double with the bases filled accounted for three runs.

Rainier Manager Jo Jo White and teammates John Hofmann and John McCall were ejected after White protested the calling of balls and strikes. White at first said he would play under protest. But as it turned out, all that will come from the ruckus is a report by the umpires to loop President Clarence Rowland.

Al Lyons added insult to injury by hitting his 17th homer for the winners in the ninth. Bill Schuster's homer in the fourth ended the scoring for the host club.

Believe Mystery Postcard Influenced Residents Of Tract To Drop Annexation

A mysterious postcard which may have had considerable influence on the dropping of a movement to annex 47 homes of the H. F. Naisbett tract to the City of Upland today fell into hands of the editors of this newspaper.

Originally started by Dr. Herschel Griffin and Elwinn Alder, both residents of the area, the movement had the recommendation of the Upland City Planning commission to go ahead and circulate petitions.

However, when the matter came before the Upland City Council neither Dr. Griffin nor Alder, a city surveyer, appeared to back up their movement and the council allowed the recomendation to pass without taking any action. There the movement apparently died.

Indicate Opposition

Alder, meanwhile, has indicated that he would not press the matter futher after contacting some of the residents by telephone. They indicated their opposition and indifference to the movement. Alder said he had nothing further to gain by seeking annexation if his neighbors did not desire to go into the city of Upland.

Just prior to Alder's phone survey, however, and shortly after the request to circulate petitions was made known, a mysterious postcard was received by nearly all of the property-owners and residents of the Red Hill Village tract.

Mystery Card

Though Alder was aware of the existence of the mystery message which was unsigned, he would not turn a copy over to the press because of his reluctance to carry on something his neighbors did not want.

"Remember, mister, I have to live there," he told a reporter.

However, one of the other residents of the tract which is located between San Bernardino road and the Pacific Electric tracks east of Grove avenue, came forth with one of the mystery cards.

Text of Card

Here is the text of the card:

"There will be a petition circulated shortly pertaining to annexing this tract No. 2952 Red Hill Estates to the City of Upland. If a majority sign this, it will mean higher taxes, therefore, higher payments.

"Also the school children would have to procure their own transportation to school as there would be no buss service; the school being less than a mile away.

"We have nothing to gain by signing."

No Names

None of the cards was addressed specifically to a home-owner living in the tract but to the street number. They were handwritten with the address apparently written by one person while the text of the card was done by someone else.

A check of the opinons of the residents of the area showed that the cards had a definite effect among those who opposed the annexation movement because in most cases, the homeowner or housewife re-echoed the same general arguments as were set down on the cards.

Tomorrow this newspaper will tell of the various opinions of the homeowners as they were expressed to a reporter in a snap poll made at all of the 47 homes.

Your Child Today

By DAVID TAYLOR MARKE
AP Newsfeatures

Understanding children's behavior reminds me of a "User's Guide" which comes with all new cars. Sending a guide along does not mean the dealer thinks you are stupid. He only wants to tell you that it wouldn't do to treat your 1949 model the same as you had your 1902 model. He is merely pointing out that even the best car runs better if you know the most important things about the way it operates.

Wouldn't it be wonderful if you could have a guide along with your new born baby? Children are as complex as cars. Don't you need to put as much thinking and consideration into keeping them fit as you are ready to put into that prize possession among more material goods, your car?

Such knowledge is one of those common sense things which you can't very well do without, says Professor Fritz Redl of Wayne University, Detroit.

Dr. Redl has just written a most fascinating book, "Understanding Children's Behavior," (Teachers College, Columbia University, 60c) in which he discusses such problems as: "What Do you Mean—'He Grows'?"; "Behavior That Has You Worried"; "For Coughs Due to Colds"; "Things Turn Up in the Wrong Places"; "Playing Hide-and-Seek"; "What Are Habits Made Of?"; "Developing His Personality"; "Your Child and His Group"; and suggestions about Johnny and the world around him and above him, among others.

Dr. Redl urges parents to think straight about their children. So much misunderstanding has been spread about the real meaning of "understanding" a child, he says, that a word of caution is in order.

For example, understanding your child does not mean coddling him, he says. "The fact that you understand what he does, does not imply that you approve of it. But it does imply that you are going to think straight before you act. For you will want to do whatever helps him grow up better, not necessarily what you might like to do to get rid of your own feeling of discomfort, upset or fury. Thus, understanding will prevent stupid adult behavior, so often misinterpreted as firm behavior, but it will not prevent you from evaluating and act- in favor of a positive change".

Understanding your child does not always mean that you will know what to do, says Dr. Redl.

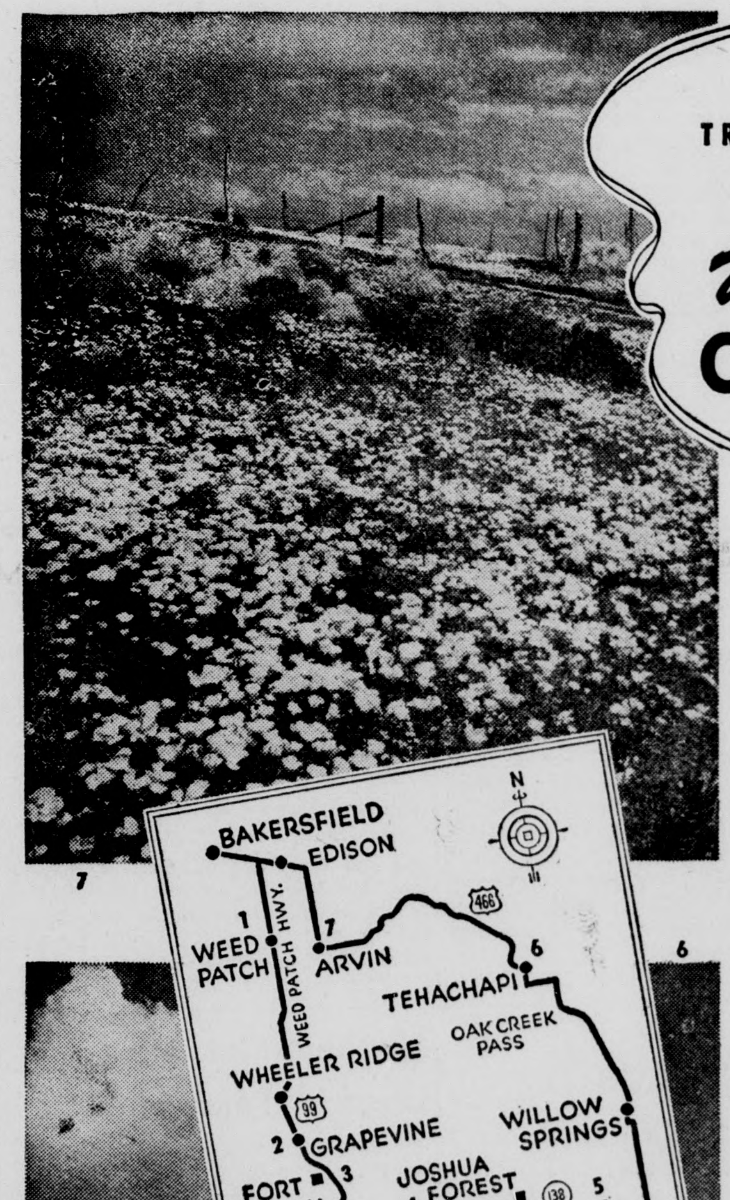
AUTO CLUB'S TRIP OF THE WEEK THROUGH Wildflower COUNTRY



A tour through Southern California's famed wildflower fields should gladden the heart of the most fastidious motorist. This week we have planned such a trip and, if the weather is favorable, we are likely to visit the area at a time when the colorful poppies and lupins are in full bloom. Distance: 170 miles.

1. The tiny hamlet of Weedpatch lies peacefully amidst the glory of her wildflowers. Many wondrous blankets of flowers seasonally surround the city . . .

2. From Grapevine, at the foot of the Ridge Route, an excellent view of spacious San Joaquin Valley may be gained. Look for poppy fields on west side of highway . . .

3. Famous Old Fort Tejon, built in 1852, is now being restored as an historical landmark. It once served as an army post of some importance; later as a main station on east-west stagecoach run . . .

4. Leaving the Ridge Route at Gorman, our tour soon picks up desert flavor as we approach Joshua Forest. This areas is so named because of the preponderance of weird joshua trees . . .

5. Further along, Antelope Buttes offers another view of colorful poppy fields in endless variety . . .

6. Nestled between desert and mountains, Tehachapi produces excellent crops of apples and pears. Photo shows sheep grazing in flower fields near foothills of Tehachapi Mountains . . .

7. Kern County's most colorful assortment of poppies and lupins are likely to be found near Arvin. Top photo illustrates typical view from highway. One caution: don't pick flowers—it's against the law!

City Authorized to Install Traffic Signal Light at B Street and Euclid

The possibility of installing a traffic signal at B street and Euclid avenue in Ontario seemed likely today as City Manager Harold J. Martin informed the city council that he is continuing negotiations with the state highway department.

A letter sent to City Manager Martin on March 28 explained that the Highway department has been "authorized to issue a permit to the City of Ontario for the installation of a traffic signal at this intersection." Signed by District Engineer E. Q. Sullivan, the communication explains that if the city wishes to install the signal, plans and specifications must be presented and approved along with the method of financing.

Gas Tax Pays

Mr. Martin further revealed that he had replied to the letter, with the view of completing preliminary arrangement before presenting the plans to the city council.

The mechanical stop and go signal would be financed through income from the city's gasoline tax funds. The state would pay half the cost of the signal installation, Mr. Martin said.

Cost of the installation varies between $5000 for regular lights, with mercury vapor lights $6300.

Other action

Other action taken by the city council this week in compliance with requests by the city manager were:

Authority to advertise for bids returnable July 5 for a coupe or a half-ton pickup for the Water superintendent with a trade-in of a 1943 Ford coupe now in use. Funds remain from the 1949 budget for the purpose.

The city clerk was authorized to advertise for bids returnable July for transit-mixed concrete. It will be used for construction of culverts at crossings.

Buy water pipe

Authority was given to purchase 1,900 feet of steel water pipe at 50 cents per foot, or $950 to be used on Dessau street west of Magnolia avenue.

Purchase of 820 feet of pipe for Benson avenue from Mission boulevard, southerly, in the amount of $502.43, was approved.

Public library employees will be paid through the office of the City Treasurer instead of separately through their own account, in conformity with the request of Chief Librarian Alberta Schaefer.

WARNS OF PRO-RED BAN—As the church-state conflict mounted in Red-controlled Czechoslovakia, Archbishop Josef Beran threatened in a letter to excommunicate all Catholics collaborating with the Communist government against the church. He charged that an attempt was being made to set up a new Catholic Church, without its current bishops and its principal head in Rome.

Concert Series Begin July 5

The first concert of the Claremont Summer Concert Series will be given Tuesday evening, July 5, in Bridges Hall of Music at 8:15, it was announced today.

Other concerts in the series include the A Cappella Singers, under Lee Pattison, Monday evening, July 11; the Griller Quartet, noted British chamber music group, Monday evening, July 25, and the opera program, produced by Sergei Radamsky, director of the institute of music's opera workshop, with Richard Hale, guest artist, and the personnel of the opera workshop, August 1.

Season subscriptions to the series may be secured through mail or phone order to the box office, Summer Concert Series, Harper Hall, Lycoming 5-1211, extension 243.

Archbishop Josef Beran of Prague is surrounded by members of his diocese as he leaves ancient Strahov monastery in visit which marked end of his four-day semi-imprisonment in his Prague palace. The archbishop was driven from his throne in St. Vitus' Cathedral by screaming hecklers, apparently Communists, as he voiced defiance to what he called the Czechoslovakian Communist government's attempt to split up the Roman Catholic church in his country.

Kovach Named Y-Club Prexy

Donald Kovach, son of Mr. and Mrs. Gustave Kovach, 852 East I street, was elected president of the "Y-Club," the Tuesday-Thursday section, of the YMCA summer program for younger boys.

The name of the club was chosen by the boys to designate them as a separate group in the summer program, under Lester Nagler's direction.

Other officers elected were: Jerry Mann, son of Mrs. Doris Mann, 613 West Nevada street, vice-president; Larry Keys, son of Mr. and Mrs. John Keys, 711 North Euclid avenue, secretary; Victor Danzo, son of Mr. and Mrs. Victorio Danzo, Guasti, treasurer, and Ronald Beebe, son of Mr. and Mrs. Joseph M. Beebe, 830 East A street, sergeant-at-arms.

A hobby exhibit is planned as part of the club's program next week.

French Provincial furniture now can be found in low-priced bedroom and dining pieces.

For a new kind of dessert, put a cup of drained canned fruit cocktail in a container, add a cup of sour cream and two cups of cut marshmallows; mix well, cover and allow to stand in the refrigerator overnight. Serve chilled in sherbet glasses to six to eight people.

Council Okays Six Requests For Airport

Airport Manager George Sanford requested approval by the Ontario City Council of six recommendations concerning activities at the airport. The council granted the following:

Approval of the supplemental agreement and adoption of the resolution with the Potato Marketing company.

Approved supplemental agreement and adoption of a resolution confirming the contract with the Ontario Flying Service.

Draper Aero Service

Approved supplemental agreement with the Draper Aero Service.

Approved the agreement with the Spee-D Lunch and Catering company, for a six months' period.

Approved payment of 91 hours accumulated overtime to employee E. W. von Tempsky and also approved his leave of absence without pay for 12 days. Approved payment on the basis of regular time to Ralph Parsons for working in place of Mr. von Tempsky while the latter is on vacation leave.

House-painting in the hot rays of the sun should be avoided. If a house faces East, the painter would be wise to start early on the West side, doing the East at a later hour.

Soap and water will not hurt the wiring or affect the operation of an automatic blanket. You should make sure it is clean and safeguarded from moths before storing it.

A yard of 39-inch to 42-inch material, with no up or down design, can make a blouse with short raglan sleeves or short set-in sleeves, in sizes 10 to 20, says the Department of Agriculture.
